Bus transportation is provided **by the school district in which you reside**. Not all surrounding school districts provide transportation to SJY. Feel free to contact your local school district.

Request for Transportation Forms: *If your student requires bus transportation, **YOU must complete and submit** a Transportation Request for the district in which you reside **EVERY YEAR**. Several districts require online submission of their Transportation Request Form. Others require SJY to verify student enrollment at time of form submission. All yearly transportation forms and instructions are included in "In The Loop" email newsletter in May.*
